# ABOUT HW INDUSTRIES

HW Industries has been setting the standard in earthmoving equipment for over 65 years. Originally established in 1958 to service the local Waikato farming industry, we now serve both NZ and AU markets.

We manufacture high-quality equipment that can be customized to meet your specific needs. HW Industries' products streamline business operations, reducing the reliance on additional machinery and personnel, saving you time and money. Our equipment, manufactured in NZ, comes with comprehensive parts, backup, and service support.

We have extensive experience manufacturing earthmoving machines, including the Maxi range of Tip Trailers, Construction Dumpers, and Produce/Bin Trailers. With numerous design features and high quality material, HW Maxi is the preferred choice for earthmoving/tip trailer needs. All working parts of our equipment are covered by a full 24-month warranty (excluding wear and tear).
